

# SAW BLADE & CUTTER HEAD CLEANER

Lubie® FC-930 is a heavy duty water based cleaner formulated to remove heavy burnt on wood resin deposits and pitch from cutting tools. It can be used on all types of ferrous metal saws, moulder heads, finger joint knives and other tooling.

FC-930 can be used as an undiluted cold dip or diluted 5:1 with water and used as a cold or hot tank cleaner at 170 F. Always rinse parts with clean water after cleaning and apply a light coat of M-1 lubricant to prevent surface rust. FC-930 is not to be used on aluminum or non-ferrous parts because corrosion or pitting may occur.

FC-930 is highly alkaline and will irritate or burn skin; always wear gloves, protective clothing and eye protection.

**\* FC-930 IS NON TOXIC AND BIODEGRADABLE**

**PART NUMBER: CHEFC930-1      1 GALLON      PRICE: \$ 23.50**

**\* 6 Gallons per case.**

# WOOD CUTTING LUBRICANT

Customers find Lubie® 3ST to be very effective on all thin kerf circular saws, finger joint knives and moulders knives. Lubie® 3 is a water based lubricant, cleaner and coolant formulated to prevent heat and pitch build-up on thin kerf tooling. Customers report thin kerf saws do not over heat and distort and that finger joint knives and molder tooling runs longer with less tear-out.

- #3 is non flammable, non toxic and biodegradable.
- It does not contain any chemicals listed in Sara Title III, Section 313 or in OSHA 29 CFR 1910.
- #3 does not contain silicones and will not stain or discolor wood.

Lubie® 3 is most effectively applied undiluted through Biolube's Lubie® spray systems, which give the ultimate in application and volume adjustment. Other spray systems have also run #3 effectively.

**PART NUMBER: CHELUBIE3ST      1 GALLON      PRICE: \$ 27.95**

**\* 6 Gallons per case.**
